Yuletide Spirit Fills Antioch as Decorations Go up; Shopping Starts

Grade School Children to Get Christmas Treat On Wednesday

Antioch has taken on a Yuletide atmosphere.

The village put up the colored lights on Main st. and the stores will be open evenings starting tomorrow night to take care of the Christmas rush. Some started the plan earlier. Stocks of splendid merchandise are being offered the careful shopper.

Christmas will fall on Sunday this year but the Monday afterward will also be considered a holiday by many business institutions.

The Antioch Township High school board approved the change in the period of the vacation recommended by the teachers so that classes will close on Dec. 22 and open on Jan. 3.

The grade schools will have special programs on the day before vacation and Ted Poulos will donate candy canes to the public and parochial schools to give to the children.

The Parent Teacher association of the public school will have its meeting next Wednesday afternoon, the last day of school when each room will participate in the program with a skit. Treats will be given the children.

Expect 600 Students Enrolled at A.T.H.S. In 1957; Now Has 285

Antioch Township High school which now has an enrollment of 285 students may have an enrollment of nearly 600 in 1957 a study of oncoming grade school classes in this area indicates, according to figures obtained by Principal T. R. Birkhead.

The normal growth now indicates that the enrollment eight years from now will be 545, but with an upshoot from 100 last year to 181 this year in the first grade of Antioch schools, the wave of "wartime babies" is expected to boost the enrollment above the 600 mark.

A chart of past and prospective enrollments compiled by Principal Birkhead shows the enrollment as follows:

School year 1943-44, enrollment 215; 1944-45, enr. 214; 1945-46, Enr. 213; 1946-47, Enr.275; 1947-48, Enr. 254; 1948-49, Enr. 284; 1949-50, Enr. 285; 1950-51, Enr. 319; 1951-52, Enr. 342; 1952-53, Enr. 375; 1953-54, Enr. 394; 1954-55, Enr. 421; 1955-56, Enr. 428; 1956-57, Enr. 469; 1957-58, Enr. 545.

Boy Born to Tuttles

John Clinton is the name of the 6 pound 9-ounce boy baby born Tuesday morning to the Rev. and Mrs. G. Richard Tuttle at St. Therese hospital in Waukegan. With Mr. Tuttle in the midst of examinations at the Theological school at Evanston and preparation for Christmas services at the Methodist church, he and Mrs. Tuttle were much concerned when the stork made its appearance a few days ahead of schedule. This is their second son. The older boy is James.

Mr. and Mrs. Phil Palaske who are touring the United States by bicycle, have arrived at Inglewood, California. A post card showing them posed with their bikes labels them the Pedaling Palaskes, and their slogan is "Every State is Great". They visited here last summer.

The next regular business meeting of the V. F. W. Sequoit Post No. 4551 will be held Monday night, Dec. 19, at the Guild hall. All members are urged by officials to attend this meeting which will commence at 8 p. m. with refreshments to be served following the business meeting.

Sequoits Beat Bisons, Play Barrington Friday And Ela There Saturday

Antioch High school's basketball team will meet its toughest opposition of the year here tomorrow evening when it takes on the conference leading champions, the Barrington Bronchos.

The Sequoits, bolstered by their victory over Bensenville here last Friday night by the score of 48 to 34, are expected to give the visitors their greatest opposition of the year and any slip on the part of the Bronchos may mean a Sequoit victory.

Worn from their Friday night game, the Antioch team will go to Lake Zurich Saturday night to meet the Ela Bears who have been traveling at a fast pace this season.

Barrington has been undefeated in the Northwest conference this year having made a clean sweep of the league last year and lasted two rounds in the sectional tournament at Waukegan.

The Sequoits have lost but one game out of four and are improving with each game.

A third-quarter spurt ahead of an air tight defense turned the trick in giving Antioch the victory over Bensenville Friday. Bensenville was ahead at the end of the first quarter by one point, 9 to 8, and trailed by one point at the half 21 to 22. In the third quarter the visitors were held to one foul goal, while Wilton and Cardiff ran the score up to 38 for the home team. Bnsenville outscored Antioch in the final quarter but it couldn't overcome the 16-point lead of the Sequoits in the third quarter.

Coach Scott announced that Antioch will not participate in the Wauconda invitational tournament during the holidays this year. He expects to be in Iowa during that time.

The Antioch freshmen, not members of the Papoose squad, were defeated by the Grayslake freshmen here Tuesday eevning 34 to 22.

The box score of the Friday game is:

Guest House Burns at Benedictine Fathers Monastery at L. Benet

Antioch Department Called There and Two Other Places Recently

The guest house at the Benedictine monastery on Benet lake was destroyed by fire at noon Friday.

The Antioch fire department was called to aid the Bristol department in fighting the blaze but the fire had too much start and all the firemen could do was prevent the spread to other buildings.

It is believed that the fire started from a defective flue. No one was in the eight-room frame house at the time but preparations were being made to house guests there Friday night.

There were eight bedrooms fully outfitted, and the loss is estimated well over $5000 partly covered by insurance.

The Antioch firemen were called Sunday to extinguish a blaze that started in the kitchen of the R. E. Kuhn cottage at Channel lake. A defective electric socket in the ceiling was ascribed as the cause of the fire. Only small damage was done.

An automobile belonging to the Chicago Auto Sales Co., was damaged by fire to the extent of $150 Monday while it was being driven a mile and a half north of Millburn on Rte. 45 on the way to the Hickory Corner sale. The local firemen were called to extinguish the blaze.

Tree of Perennial Beauty

New Pump Arrives and Will Be Installed for Use Saturday Morning

The new pump for Antioch's crippled water system arrived yesterday and is being installed today, Supt. Walter I. Scott announced.

Supt. Scott said that he expected to see the new pump in operation late Friday or early Saturday.

The J. P. Miller Wells Co., of Brookfield, Ill., sold the pump to the village and agreed to install it the moment it arrived. The pump was shipped from Minneapolis a week ago and was somewhat slow in arriving.

In the meantime the small pump has been operating night and day in an excellent manner and Scott hopes that it will continue the next two days until it can be relieved of its heavy load.

The village has been fortunate so far that there has been no fire and the firemen are appreciative of the care that has been taken by residence of Antioch to avoid one.

They Raise and Tell Them Bigger in Florida Nowadays

William H. Molter, of State Line Road, Antioch, has written to Dr. Frank Keefe from DeBray Beach, Fla., telling of the trip he and Mrs. Molter made there and relating a story that belongs in the Paul Bunyon class.

Molter said that on Sunday, Dec. 4, Mrs. Molter put half of a pumpkin pie in the compartment of their bread box, and on Monday night they discovered the pie was missing.

"I happened to look on the front steps and there was the empty pie tin. The things they call sweet ants down here came in, took the pie out of the bread box on our laboratory or sink which is 9 feet long and 40 inches high, unhooked the front door, took the pie to the ant hills, returned the plate to the front door, and left a note saying 'You darn Yankees do not know enough to put your sweet stuff in the refrigerator."

"So we have ants in our pants and everywhere else."

Hugo Schneider, Jr., Announces Candidacy For County Treasurer

Hugo L. Schneider, Jr., chief deputy and cashier in the Lake County Treasurer's office, today announced his candidacy for Treasurer on the Republican ticket in the primary election next April 11.

He will seek election to succeed Guy O. Lunn, present County Treasurer, who cannot be a candidate for re-election under the Illinois constitution.

Upon being asked of Schneider's qualifications for this important

post, Lunn states, "Mr. Schneider is thoroughly familiar with the workings of this complicated office by actual experience with all phases of our work, and he has shown the qualifications of leadership and efficency necessary to this office."

Schneider is a member of the Lake County Republican Central Committee, being a committeeman from Deerfield Township, precinct eleven. His duties as such were interrupted by four years of service in the United States Army, seeing active duty in the European theatre. Schneider is from the ranks of the Young Republicans, having served as chairman of the Highland Park Young Republican Club, and has always been active in Republican circles throughout the County.

Before joining the County Treasurer's staff, he was employed by the post office department in Highland Park. He and Mrs. Schneider and their two children make their home at 1033 Golf Rd., in Highland Park.

McMillen Elected Village President By Majority Vote

Cunningham, Second, Cermak Third in Record Election

James W. McMillen (Jim to his fellow townsmen) will take office as president of the village board next Tuesday in a sesison recessed for his induction.

McMillen will serve three years and four months of the unexpired term of the late George B. Bartlett as the result of his decisive victory in Tuesday's special election.

The vote was McMillen, 369; Murril Cunningham, 145; and Charles Cermak, Jr., 116.

A total of 652 votes were cast, and 22 ballots most of them intended for McMillen were spoiled.

The vote probably was the largest in the history of the village and showed much interest in the election. All three candidates worked hard and had their followings but the decision of the community was for older and more experienced business man.

Only 485 ballots were cast in the spring election when the unspoiled ones showed a vote of 254 for Bartlett and 223 for his only opponent, Charles Cermak, Jr.

Cermak failed to hold his following of the spring election by nearly half, indicating that much of the vote he received in April was a protest vote against the president incumbent.

McMillen's majority was even beyond the expectations of many of his Progressive party workers.

Cunningham, running on the People's party, has been acting president of the board since the death of Bartlett three months ago. He is a trustee and his services considered quite valuable to the village will continue in that capacity.

Cermak, a real estate man, recently was appointed as real estate evaluator in the state's district office at Elgin. He continues his real estate work here weekends.

Following his election Tuesday, McMillen told the Antioch News:

"I appreciate the support given me by the people of Antioch and will do everything I can to justify their decision at the polls. I was gratified to see the large turnout for it shows a lot of interest in the community's affairs. I shall do my best to serve the interests of the greatest number of people."

Because he is so widely known, McMillen's success in the special election was published and broadcast all over the Middle West. Coupled with the news of his victory was the human interest angle of his campaign in which he took care of Cathleen, infant daughter of Mr. and Mrs. Robert Gaston of 654 Main st., while Mrs. Gaston voted. The baby slept all the time the mother was gone and Jim had little trouble as a baby sitter.

Lions Club Collecting Toys for Needy Children

The Lions club of Antioch is participating in a national program in collecting used and discarded toys to be given to needy children.

Here the toys will be taken to the show room of the Antioch Nash sale Co., and turned over to established agencies for delivery to the children.

The public is invited to contribute used but good toys taking them to the sales room not later than Dec. 20.

The Lions club nationally is trying to make this drive for toys the greatest in history. Radio programs are devoting time to encouraging the people to give.

Antioch Citizens Asked To Remember Sacrifices Of Veterans by Gifts

If the Yanks who gave were to depend on the gifts made in Antioch so far they will have a mighty slim Christmas it was revealed yesterday.

Receptacles placed about the business section of the village are not being filled very rapidly according to Morris Verkest, chairman of the committee promoting the collection.

He asked that people remember the veterans in hospitals through generous giving. His opinion was that it would be shameful for the public to forget so soon the sacrifices the men made for their country.

Legal Tax Evasion

President Truman has again spoken out in favor of increasing government income through higher taxes. In an article in the New York Times, Godfrey N. Nelson observes, "There is at least one means by which the Federal government could not only stimulate competitive business but could derive very substantial revenues. Tax the income of all businesses conducted for profit, both public and private; eliminate tax exemptions, irrespective of kind of ownership or form of organization.

"Cooperatives and their owners, for example, should be taxed like ordinary business corporations on their entire earnings, and on distributions made out of earnings."

In this connection, Representative Noah Mason has proposed a bill designed to tax businesses of this kind, including government-owned enterprises "operating on taxpayers' money, generally paying no interest . . . and paying no taxes on their earnings even though they compete directly with privately-owned companies."

The government power developments, including the rural electric cooperatives, are perfect examples of the last type of business. In effect, all the taxpayers of the country are subsidizing the electric bills of a favored few. The loss of the tax revenue that private utilities would pay on the same volume of business is a body blow to states and municipalities, and all the taxpayers must kick in to make up the deficit.

The legal tax evasion now going on is indefensible. Mr. Mason's bill seems to be the answer to a problem which has become critical.

Whose Fight Is This?

A publication of the Kentucky Retail Food Dealers' Association carries an interesting commentary on the government's antitrust suit against the Atlantic and Pacific food chain system. It said: "We overheard a conversation the other day that made a whale of a lot of sense! A customer addressed a grocer saying, 'Just what are you trying to do—close up A & P?' His reply, 'I don't know too much about the case. As far as we are concerned, A & P doesn't bother us at all. We seem to be able to compete with them in most every respect and are kept pretty busy tending to our own customers. . . This fight is not between the grocers and A & P, it is between the government and A & P.' "

Probably retailers with a similar attitude could be found in every locality in which this or any other chain has outlets. The idea that there is or can be monopoly in retailing is refuted by every Main Street in the country. A typical town has independents and chains operating in direct competition side by side. Each has its following—each is doing everything it can to please and attract customers. A store succeeds for only one reason—because people like it, and spend their money across its counters.

In the last twenty years, the proportion of total retail trade done by independents on the one hand and the chains on the other has hardly changed at all. The independents do the largest part by far. Regardless of all the fine-spun legal arguments, the dominant force in retailing everywhere within our borders is free, aggressive competition. The government's monopoly action must be puzzling to merchants who have been successfully competing with A & P and the other chains for years.

All Are Needed

Those whose training and experience permit them to speak with authority on matters involving the national defense invariably say that no single service can do the whole job if war comes again, and that all the services must be prepared to carry a full share of the burden. General Lawton Collins, Chief of Staff of the army, expressed this view recently when he said, "No one service alone can possibly wage intercontinental war. There continues to be a need for bases for any large scale operations, bases for fighters to aid heavy bombers. Nor can we, in large operations, rely solely on mid-air fueling. There is no argument about that. The joint Chiefs of Staff are in accord that it is something that needs teamwork by the army, navy, and air force."

That doctrine is logical. At the same time, certain policies laid down at the top military level seem to be a disavowal of it. As an example, the navy has been prevented from building certain aircraft carriers it feels it must have if it is to be properly prepared. And the only logical reasoning behind that action is that the air force can do the whole air job with its big bombers, and that advanced bases and fighter protection are no longer necessary.

This is, of course, the atomic-blitz idea—the theory that with intercontinental bombers we can strike a quick and decisive blow. It is an appealing theory to many because it makes war seem cheap. But it is an unproven theory, that goes contrary to all past experience. If it should turn out to be wrong, in another war, the results might be suicidal.

Real military security requires the development of every one of the services—with each service permitted to obtain the weapons it feels it needs within budget limitations.

The final chapter in the 1949 gridiron success story of the Wilmot high school football team was written into the records Friday at the school when Coach Frank Bucci awarded 21 monograms and gold footballs to members of the Southeastern conference champions during a school assembly program.

Eight seniors received letters and championship awards while seven juniors and five sophomores were presented with the varsity "W". Coach Bucci, who has guided the Panthers to a lofty position in football, basketball and baseball in recent years, praised the squad for their accomplishments of the past season which produced five straight triumphs in conference play. The only blemish on the record was a 13 to 7 setback at the hands of Elkhorn in a non-conference game.

Dick Brehm, son of Mr. and Mrs. Ray Brehm of Twin Lakes was named by his mates to lead the Panthers during the 1950 gridiron campaign. Dick, a sparkplug of the line at his guard position, won his second letter this year in football and operates equally well in the classroom with a straight A average. Brehm is a reserve to his brother, Phil, on the Wilmot cage team and functions as a catcher in baseball.

Bucci will have 12 lettermen returning for football next fall to defend the conference title while eight seniors will be lost by graduation. Senior monogram winners due to graduate in June are Capt. Watson Hubbard, Phil Brehm, Wally Skora, Lowell Pitts, Wayne Griffiths, Norman Marzahl, Harold Andrews, Don Faber and Neil Skilling, manager. Juniors Joe Kominiak, Bob Meredith, Dick Brehm,, Norman Epping, Dan Survillas, Francis Milner and Earl Hennesay along with sophomores Bob Kominiak, Dick Scott, Delmar Reidenbach, Roger Wickman and Arnold Dahl will form the nucleus for the 1950 Wilmot edition.

The stage was set for the Southeastern conference showdown battle next Friday night when Coach Frank Bucci's Wilmot preps gained a hardfought victory over East Troy's defending champions, 40 to 39, Friday night at East Troy, to deadlock them for first place with the powerful Rochester Aggies. Wilmot and Rochester will square off in the all-important contest on the Kenosha county court next week, and the winner will have the inside track on 1949-50 laurels. Each quintet holds four victories against no losses in conference play so far.

A 20-point splurge in the third period provided the victory margin for the Panthers Friday night. East Troy moved in front at the end of first period 11 to 9 and they held a 22 to 15 halftime advantage before Wilmot uncorked their offensive spree.

The losers outscored Bucci's club in the last period, but the 35 to 30 lead at the end of the third quarter gave the Kenosha county five enough of a margin to withstand the rally. Frank Metzke, towering East Troy center, was the biggest headache for Wilmot defenders, and efforts to guard the rangy star drew 31 fouls on the winners. Metzke potted an even 20 points, sniping five field goals and 10 points from the foul line. For Wilmot it was a victory with nine players figuring in the scoring. Richter topped the pointmaking with eight tallies while Dick Brehm added seven.

It's ALL BUICK—

and only $1878.00

ON some cars, it might not be such standout news.

But when you read the price tags on this smart and sizable Buick SPECIAL of 1950—

When you listen to the throaty baritone of the big Fireball valve-in-head straight-eight engine that fills its bonnet—

When you feel its lift and surge on the road, sample the soft smoothness that's yours with coil springs on *all four* wheels (and wide Safety-Ride rims as well)—

When you see how neatly this beauty slips into pocket-size parking places, avoids "locked-horn" tangles, and threads its way through traffic—

When you take in its roominess, see its wide outlook, picture yourself traveling in the sleek, taper-fender styling that calls the turn on the smartest fashions for 1950—

When you hear some of the miles-per-gallon figures happy owners of this beauty are reporting—

Man alive, this stands out as a bargain that says "Grab me quick!"

Actually, dealers have trouble keeping this particular model of the 1950 SPECIAL on hand. Quick action may be able to nail one for you — or a six-passenger model in 2-door or 4-door body-type.

Why not see your dealer now—and start the New Year as a Buick owner at a cost that's less than for some sixes?

This stunning, fresh-lined 3-passenger 1950 SPECIAL Coupe delivers as shown for $1878.00

State and local taxes extra. Prices subject to change without notice. Prices may vary slightly in adjoining communities due to shipping charges.

DYNAFLOW PRICE REDUCED $40.00

All 1950 Buick SPECIALS are available with Dynaflow Drive as optional equipment, at a price now $40.00 lower. This price reduction also applies on SUPER models delivered after December 1, 1949.

Rent Board Will Review Individual Adjustments

Tenants and landlords may ask the Waukegan rent advisory board to review individual adjustment made by the Waukegan rent office, Board Chairman Wayne C. Clark said today.

The advisory board, made up of county residents serving without pay—will review rent cases on request of the affected tenant or owner, but Clark said it would not recognize so-called "frivolous" objections to rent office handling of individual cases.

"Since we meet only once a month, we can consider only those cases involving a landlord or tenant who feels that he has not had the full benefit of rent control," the board chairman explained. "If the individual can present actual evidence justifying reconsideration, we are glad to serve as an impartial jury."

Any tenant or landlord who questions a new rental set by the rent office may request a hearing before the board at its next regular meeting, he said. If the board recommends further consideration or a different adjustment, the rent director will follow its recommendation as long as it is legally possible.

"Actually, a very small proportion of the cases come up before the board," Clark explained. "This is because Area Rent Director J. Edwin Porter gets the board's view in advance of a decision on the more difficult cases. Thus the board has a chance to make its recommendations without the formality of a hearing."

As an example of the type of case handled by the advisory board, the chairman told of a case where a tenant protested that his landlord had been given too high an increase. After an inspection and a hearing, in which the property owner and tenant were given opportunity to appear and make statements, the board expressed the opinion that a higher adjustment was justified. Since the landlord was satisfied, the board advised the tenent to accept the increase granted by the rent office.

In another case, a dispute arose between tenant and owner as to who had made or paid for various improvements to the apartment. The board held court and found that the landlord had claimed some work done by the tenant as his own, but it did not accept the tenant's low valuation on other work performed by the owner.

The Christmas vacation at Stephens College will start on Dec. 15 and classes will resume on Jan. 5. A series of formal holiday balls will precede the vacation period, as well as numerous informal residence hall and club parties. The formal Christmas dinner on Tuesday night, Dec. 13, will be followed by the traditional Christmas program presented by the student concert chorus. Climaxing the holiday events will be the twenty-second annual Christmas vesper service on the eve of departure, followed by caroling around the giant lighted Christmas tree on the college campus.

Jobs During Holidays Call For Social Security Cards if Not Already Possessed

Persons taking jobs in retail business or industrial establishments during the coming holiday season will need a social security card even though the work is part-time or temporary, Mr. Bernard Barnett, Manager of the Waukegan, Ill. Social Security Field Office said today. Social Security cards may be obtained free of charge at the Waukegan, Ill., field office located in the Post Office building.

"If a person has had a social security card before," Mr. Barnett said, "he should not ask for a new card and number. If he has lost or destroyed the card he had previously, he should ask for a new card with the same number as the original one. If he has the stub of his original card, with the social security number on it, so much the better—a new card can be issued without delay."

Each worker's social security card, with the number it bears, is the key to his insurance policy with Uncle Sam, Mr. Barnett explained. It identifies his social security account, in which a record of his wage is kept. The social security account is used to determine the amount of benefits payable to the worker and his family. More than one social security number may cause delay in securing benefits, or even loss of benefits.

Plan Adult Education Classes in Agriculture And Home Economics

The Home Economics department and the Agriculture department of Antioch High school are planning a series of adult education classes to be held during the winter months. The ten week program will start on January 4, 1950 at 7:30 p. m. and be in session once each week for ten weeks.

An advisory council of five women, Mrs. E. J. McDougall, Mrs. E. Sundin, Mrs. Robert McCann, Mrs. Louis Biel, and Mrs. Deitrick met with Miss Meiners, the home economics teacher to plan a suitable program. It was decided to have general meetings instead of consentrating on one specific topic. However, at the first meeting, all women will be given a chance to suggest topics they would be interested in. The topics now under consideration are:

Your Home is Your Castle.

Insurance Investments and Home Owning.

Keeping records or managing your Future.

Economy and taste in the home.

Clothes and the person.

All women in the community that are interested in an adult education class in home economics are cordially invited to attend any or all of the sessions.

OLD, OLD STORY . . . If teacher could get this kind of attention as she lectures on the three R's, she'd have a room full of geniuses. She is reading the ageless Clement Moore classic "'Twas the Night Before Christmas." And not a creature is stirring.

Mr. and Mrs. Herman Rosing left Thursday for Jacksonville, Florida, for a month's visit with Mrs. Rosing's sister and family.

Allendale Routs R. Lake 65 to 23 for 4th Victory

The Allendale Tigers won their fourth straight game of the season Friday night by defeating the Round Lake Grade School 65 to 23. The victory was also their second of their scheduled conference games. The Round Lake boys showed a lot of spirit in their play but were no match for the Tigers who so heavily outclassed and outplayed them. Bert Heuer and Bob Seymour were the big guns in the Allendale scoring department each hitting the nets for 14 points. John LaFontaine was close behind with 12.

The Juniors were equally successful in their game toppling the Round Lake lightweights by a score of 43 to 11. Bill Shipperley scored 20 points for the winning Allendale squad.

Games this week, Dec. 16 are:

Allendale at Gurnee; Antioch at Round Lake; Lake Villa at Grayslake; Fox Lake draws a bye.

B. & P. W. Club Asks Rest Rooms Be Built For Public in Village

A letter requesting the village board to provide public rest rooms for both men and women was received by that body recently from the Business and Professional Woman's club.

The letter signed by the club's secretary, Mrs. A. G. Simon, acting on instruction of the members in a recent meeting, said that the convenience is needed.

No action was taken by the board and the matter will be for future consideration.

Members of the board are aware that a building of this nature would involve much expense not only in construction but in care. Provision for such a convenience was taken into consideration in the new village hall which is a project for the future.

Elephant Fallacies

For all the experts' debunking, various false notions concerning the elephant persist in the popular mind. Elephants do forget. They are not afraid of mice. They are not particularly long-lived, having an average life expectancy about that of man. And there is no evidence to support the old tale that elephants have a common graveyard—a fabulously rich "ivory valley"—where they go to die.

Church Notes

Plans are made for another delightful music-filled morning service on the 18th of Dec. The service last Sunday featuring the Sandor Kish Trio was attended by well over 100 people, exclusive of the nursery. This Sunday the musical talent of the entire church will be massed to present a service of Christmas music, hymns, poetry and stories. The pastor will read two original stories, "The Present" and "The Unexpected One", in place of the regular sermon. A musical background will be furnished by Henry Bennecke at the organ. Both robed choirs will sing. A special offering will be received for a World Service gift in the name of Jesus who said, "As much as ye have done it unto the least of these ye have done it unto me."

A large tree is being decorated, sacks are being filled with treats, Santa is getting brushed off and children are being drilled on readings and carols as the Sunday school under the able direction of Delbert Sherwood, prepares for their annual Christmas program. The teachers plan to include every one of the 122 children enrolled in the program. Treats will be distributed by Santa Claus in person, and refreshments will be served to parents in the basement of the church. Everyone is urged to remember Dec. 18, 7:30 p. m. Santa's Coming!

OUR GREATEST Christmas IN FIFTY YEARS!

Naturalized Citizen— That's Our Santa

Santa Claus as Americans know him is a naturalized American citizen, and as such is America's contribution to the Christmas legend. That's the opinion of Dr. Gustav O. Arlt of the department of Germanic languages on the Los Angeles campus of the University of California.

"The Norwegians who settled early in America brought the first version of the modern Santa Claus, who in Europe had been known as St. Nicholas, but never adequately personally described," said Dr. Arlt.

"When the American Clement Moore described the jolly, rotund gentleman in minute detail in his poem " 'Twas The Night Before Christmas," he assumed the proportion of living legend and thus became an integral part of Christian legend and folklore," the professor stated.

Hungry Pike

The greedy pike may be a delight to fishermen but it certainly is a terror to other fish. The pike eats one-fifth of its weight each day.

Window Glass

The average shipping weight of window glass is 80 pounds per cubic foot.

Uncle Sam Says

You can already hear the jingle of Christmas bells and the merry laughter of Santa Claus. Local stores are stocked with gifts of every description. A child's wide-eyed enjoyment of Christmas morn' is priceless but equally priceless is the assurance that in years to come Junior and Sis will enjoy financial security. The best way to provide financial security for your youngsters is through the regular purchase of United States Savings Bonds. Remember U. S. Savings Bonds pay you 4 dollars for every 3 invested, in 10 years.

The Only Place for Him—

I received a letter from a lad asking me for an easy birth. To this I replied: "You cannot be an editor; do not try the law; do not think of the ministry; let alone all ships and merchandise; abhor politics; don't practice medicine; be not a farmer or a soldier or a sailor; don't study, don't think. None of these are easy. O, my son, you have come into a hard world. I know of only one easy place in it, and that is the grave!"

The Perfect Retort—

A small town political candidate running for office of mayor had spellbound an auditorium audience with his oratory.

As he was leaving the platform, a little old lady sidled up to the politician and vehemently shouted:

"I wouldn't vote for you if you were St. Peter himself!"

Somewhat taken aback at this sudden outburst, the candidate sized up the lady and calmly retorted: "If I were St. Peter, you couldn't vote for me. You would be out of my district!"

Scoops—

The enterprising editor of a small newspaper in a southwestern state cares little for national or international news, but is bedeviled by an intense desire to "scoop" the other papers in the region on local and sectional news. One day he accomplished the minor triumph of being the first and only editor to report a certain disaster in a nearby town.

The following week he scored another beat with the announcement:

"We were the first to announce the news of the destruction of Jenkins' paint store last week. We are now the first to announce that the report was absolutely without foundation."

TIPS FOR COOKS—

LEAN BACON makes a good item for dinner provided it is cut in slices about a quarter-inch thick from a slab with rind intact.

Three such slices, not cooked to a crisp, are enough for one person. With the bacon serve fresh asparagus with plenty of melted butter, a toasted English muffin, and black raspberry jelly. A tumbler of milk and a pot of coffee complete the menu.

Anyway that was my dinner one evening and it was very good.

SHORT STORY

The Expert

By Richard Hill Wilkinson

3-Minute Fiction

NO ONE had much faith in the new sheriff. The night preceding the day of his arrival the ranchers of the Roaring River Valley held a meeting in the Paradise Saloon. Mark Raoul, largest cattle owner in the vicinity, was the spokesman.

"No use in expectin' results from this young deputy they're sending up from the county seat. He's a westerner with eastern ideas an' a college education. Probably got a head full of new fangled notions on how to run down a bunch of Arizona cattle rustlers. Thing for us to do is organize a vigilante group on our own, and wipe them there cattle thieves off the face of the map."

"How we gonna do that," Rex Rupert wanted to know, "when we ain't got a notion where the rustlers is takin' our cattle?"

"We got as good a notion," Mark shot at him, "as any smart young deputy sheriff what aint dry behind the ears yet."

Vic Stuart, red-headed, freckled, blue-eyed and friendly, arrived the next morning and announced himself to be the new deputy assigned to the Roaring River Valley cattle rustling business. Rex Rupert, self-appointed committee of welcome, looked the youth over and decided the ranchers had been smart in postponing their vigilante organization. But Rex betrayed none of the confidence he felt when he explained the circumstances.

Vic listened and smiled and his blue eyes crinkled at the corners. "Natural," he said, "for Raoul to feel that way. Fact is I have got some new fangled ideas. It takes brains to beat a bunch of outlaws these days, whether they're stealing cattle or operating a racket."

Rex's thoughts were rather glum as he rode back to the ranch. He felt almost sure, now, that the new deputy would fail.

About midday of the next day Vic Stuart rode in just as Rex finished his lunch.

"How many armed men can you provide me?" the youth asked shortly.

"No use expectin' results from the young deputy they're sending up from the county seat."

Rex stared. "You ain't found the rustlers' roost?"

"That was easy. Thing to do now is scare up enough men to take care of the rustlers, who are at the present moment engaged in branding your stolen cattle."

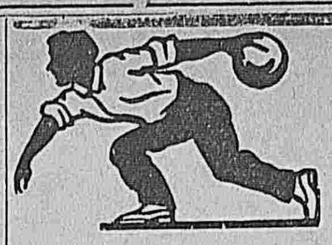

Vic Stuart led them to a section of country familiar to them all; the hopes that Rex had entertained began to ebb. Then suddenly they burst out anew as Vic entered a narrow canyon, the existence of which was a surprise to everyone. A moment later he pointed down into a hidden valley where stood a couple of rough shacks and an astonishingly large herd of cattle.

REX asked no question, but directed his men into a fan-shaped line, then ordered them to move down the slope. The rustlers were taken by surprise. They had no idea as to the size of the attacking force, and after a desultory attempt to fight off the invaders, the main body broke and fled.

The big surprise of the affair occurred when Vic Stuart rode up with the masked leader of the rustlers and, standing before Rex and his riders, tore off the leader's mask, revealing the snarling features of Mark Raoul.

"Matter of brains," Vic grinned. "Funny thing it didn't occur to any of you hombres who've lived in this country all your lives that even a bunch of rustlers couldn't camp where there wasn't water. Only water hereabouts is the Roaring River. That was the theory I went on. I got myself a forked hazel stick and used it to locate water and to indicate the direction of the source. Forked hazel sticks never fail to indicate the presence of water if held properly in the hands of an expert." His blue eyes crinkled. "I reckon I'm an expert."

Bringers of Gifts Range From Santa To Knight Ruppert

In America on Christmas Eve, there is a merry tinkle of sleigh bells as Santa Claus drives up in a sleigh drawn by eight reindeer.

He drives from roof to roof, pausing just long enough to climb down each chimney. From a huge pack on his back he fills the children's stockings with toys and goodies. Gifts that are too large to be stuffed in the stockings are put on the Christmas tree or stacked underneath it.

This is Christmas in America—but it is not always Santa who brings the gifts to children in other lands.

The Dutch children anxiously await the arrival on Christmas of St. Nicholas. He was the bishop of Myra, so he is dressed in the traditional bishop's robes of black, wears a mitre, and carries a crozier.

He rides a white horse and is accompanied by Black Peter, his page boy. Instead of hanging up their stockings to hold the gifts, the Dutch children place their wooden shoes in the chimney corner before going to bed. On the window sills they leave a bunch of hay for "Sleipner," the bishop's white horse. It is customary for St. Nicholas to overturn chairs and leave the room in general confusion for Christmas morning.

English children wait for a Santa Claus who closely resembles our own. They also find gifts tied to a green Christmas tree, but this custom has been in effect only since Queen Victoria was a young bride. She married Albert, a German prince, and it was he who introduced this Christmas custom to England from Germany.

It is an angel who leaves the gifts in Czechoslovakia. She descends on a golden chord to accompany Santa.

In Scandinavia gifts are distributed during the supper hour. They are brought by dwarfs and the children leave bowls of porridge on the doorstep for them. Santa comes riding on a goat instead of a reindeer.

The birds receive the largest number of gifts in Sweden. Each family places a sheaf of grain on a pole or on the fence posts for the birds' Christmas dinner.

Spanish children place their straw-filled sleeves on the window sills so the Magi may feed their horses while they leave gifts. The older people fill an Urn of Fate from which the gifts are drawn on Christmas Day.

Knight Ruppert, who is the German Kris Kringle, is represented by a young girl wearing a golden crown and gowned in a flowing white robe. She carries a small tree laden with gifts which she distributes.

The children of Switzerland have their gifts brought to them by a radiant angel who rides in a sleigh drawn by six reindeer. She brings them goodies to eat as well as toys.

And in Poland, at least before the Communists came in, the people called at the parish house on Christmas morning where the priest presented them with "peace wafers," which symbolized peace on earth, good will to men. The people exchanged Christmas wishes as the wafers were broken and eaten before returning home.

As Americans observe this Christmas in the comfort and luxury of modern civilization, who among them will pause for a thought of how their forebears kept the holy season?

An example of Christmas of the past in America is provided in a study of the history of the old village of Kaskaskia, first capital of Illinois, where the pioneers braved the rigors of a new and unsettled world.

Despite the hardships and discomfort which prevailed in the days of the early settlers of this land, there was hardly a cabin so humble but what its occupants found some way to keep Christmas.

SHIRT-SLEEVED SANTA . . . It's not a common subject for discussion, but Santa Claus sometimes does take off his coat and just lounge around in his beard and shirtsleeves. However, this is not standard procedure, and it's mighty few Santas you see sitting on a park bench in New York.
